Narrating the 57th Year of St. Joseph's College

Volume 11 | Collegeville, Indiana Monday, January 19, 1948 | Number 5

Talented Pianist to Appear In Auditorium, January 21

Marisa Regules, pianist, who will play here in the college auditorium, Wednesday evening, Jan. 21, at 8:00 p. m. has been hailed by El Mundo, Buenos Aires, as "The greatest Argentina artist of our day." Though she is young, Marisa Regules gave her second Carnegie Hall recital (her fifth in New York) Jan. 31, 1947, and has to her credit guest appearances with more than a dozen symphony orchestras.

Rarely is a musical personality found without at least some musical background in the family. Marisa Regules is no exception. Although she is the first pianist in her line, her maternal aunt Matilda de Lerma, great Spanish soprano of the last generation, was the first musician of the family.

Marisa Regules practises the piano seven hours daily in the modernistic, soundproof New York apartment which she occupies with her mother.

Miss Regules came to America in 1941, and in May 1946 revisited her homeland for the first time since her departure. Everywhere wild acclaim greeted her. She gave thirty-two concerts throughout Argentina. During her stay in Argentina, Miss Regules also starred in the film, "The Life of Albeniz" in which she recorded all of the musical score and played the role of Blanche Selve, pianist, who made musical history in Europe with her playing of Albeniz's Iberian Suite.

During the war Miss Regules gave many concerts for the armed forces, including engagements at the Stage Door Canteen, for the Waves at Hunter College, for the submarine base at New London, Conn., and the Coast Guard at Manhattan Beach.

In February 1946, she was initiated honorary member of Sigma Alpha Iota, an outstanding musical sorority in the United States.

MARISA REGULES

I

Toccata in C major--------Bach
Toccata
Adagio
Fugue

II

Variations serieuses--Mendelssohn
Scherzo No. 3 in C sharp minor, Opus 39----------Chopin
Two Etudes----------Chopin
F minor----------Chopin
F major----------Chopin
Andante spianto and Grand Polonaise brillante, Opus 32--Chopin

III

The Maid and the Nightingale--
----------Granados
Dance of Terror--------DeFalla
Ritual Fire Dance-------DeFalla
La Soiree dans Grenade--Debussy
Malambo ---------- Quaratino

IV

Tarantella—"Venezia e Napoli"--
----------Liszt

Three Seniors To Graduate At Semester

The culmination of the worry, time, and study attached to a college education and designated by the coveted degree awaits three students upon completion of their final examinations.

Fred Berghoff of Fort Wayne, Ind., Carl Caston of Akron, Ohio, and Jack Haley of Genoa, Ohio, after having their education interrupted by the war, returned and fulfilled the necessary requirements for graduation.

Fred Berghoff entered St. Joseph's in Jan. 1941. He was a member of the armed forces from 1943 to 1946. While here Fred has been associated with the Commerce Club for four years, being elected president in his third year, the student council, and the Veteran's Club.

He wrote on "The Issue of Materials from a Stores Department in a Manufacturing Plant." Following graduation, he wishes to engage in accounting work.

Carl Caston, a transfer student from the University of Akron, enrolled at St. Joseph's in Jan. 1943. His service career dates from May, 1943 to March, 1945. He has been a member of the staff of STUFF, the Commerce Club, and the Father Falter Post. Jan. 17, 1946, he was married in Akron. Charlotte Ann was born Nov. 1, 1946.

Carl's major is English. His thesis is "Our Lady in Modern Poetry." He is headed for post-graduate work at the University of Akron with teaching his ultimate goal.

Jack Haley, another transfer student, came to St. Joseph's in Sept., 1942 from DeSales College, Toledo, Ohio. He was in the army from 1943 to 1946.

At Collegeville, Jack has been a member of the Commerce Club and the Father Falter Post. His major is accounting. He chose as his thesis project "An Analysis of the Benefits under the Old Age and Survivors of Provisions of the Social Security Law, 1935-1939." His chosen field will take him to Toledo.

State-Wide Meet Held December 14

A state-wide meeting of student veterans was held on Dec. 14, in Indianapolis, at which 12 out of the 32 colleges in Indiana were represented. Bernard Ingersoll was the delegate of the Father Falter Post of St. Joseph's at the meeting.

The purpose of the gathering was to discuss the inadequacies of the subsistence rates now in effect under the G. I. Bill of Rights. The outcome was the drawing up of a resolution which would give single and married veterans an increase in their monthly allowance. Copies of the resolution were sent to the President pro-tem of the Senate, and to all Indiana Senators and Representatives.

Considerable credit is due Indiana University for the research done on the subject of veterans subsistence and for the effort expended to make the meeting a success. Indiana is the third state to take steps in the matter of veterans subsistence. It is following the lead of Florida and Michigan.

Before adjournment, provisions were made to form a state-wide college veterans alliance to last as long as the G. I. Bill.

NOTICE—

All students enrolled in English 1A, 1B, 1C, 1D, 1E, must pass the qualifying English test on Friday, January 23, in order to be admitted to the semester examinations. The English test for all sections will be held at 7:30 P.M. in the college dining room.

(Rev.) Walter Pax
Dean of the College

Dance Plans

Preparations have been completed for "The Snow Ball" dance sponsored by the freshman class to be held Feb. 7, in the Fieldhouse.

Dancing will extend from 8:30 until 12:00 p. m., with Gene Hunt and his orchestra providing the music.

RAP Announces Balloting Results After 12 Weeks

In its twelfth week the Radio Acceptance Poll has received a total of 33,000 ballots. According to the latest tabulation Fibber McGee & Molly are still leading the poll with a rating of 83.5. Jack Benny is second with 74.0, Burns & Allen third with 73.5, Red Skelton fourth with 73.0, and the Fitch Bandwagon fifth with 71.0. Harlow Wilcox leads the individual performers with a perfect rating of 100.0. Molly, of Fibber McGee & Molly, was second with 84.5. Eddie, of Duffy's Tavern, had the lowest rating with a 7.0.

John Lynch, chairman of the National Press Commission, was guest speaker at the Chicago Regional Congress of the NFCCS, on January 11, at St. Francis, Joliet, Ill. He spoke on the National Press Commission and the RAP. Eight schools sent delegates to the congress which represented 21,000 college students. The delegates at the congress wholeheartily gave their support to the National Press Commission, and went on record as backing the Radio Acceptance Poll.

Paul Brusnahan, Norman Knaub Give Addresses

Monday evening, Dec. 15, Mr. Paul Brusnahan of Rensselaer spoke to the economics division of the Commerce Club. The speaker, who was introduced by Chairman August Schultheis, projected many stimulating ideas on his topic, "The Ways to Better Small Business."

Mr. Brusnahan emphasized that the student must find himself before he can begin his career. In regard to this, he also said that in small business one has the chance to remain an individual. The talk was followed by a question period.

At the club's Jan. 5 meeting, Mr. Norman K. Knaub delivered an interesting address on "Insurance as an Investment." Mr. Knaub, former college professor and high school principal, is presently associated with the Equitable Life Assurance Society in Rensselaer.

Mr. Phil Wood, chairman of the Rensselaer March of Dimes, has asked the Commerce Club to handle and push the March of Dimes campaign here on the campus. Because of the mid-term examination at the same time as the National Drive, the contributions at St. Joseph's was held from Jan. 12 to 16 inclusive. The Commerce Club started it off with their own contribution of twenty-five dollars.

New members will be accepted into the club at the first meeting of the second semester scheduled for Feb. 9. A full schedule is anticipated for both business and social events. These events are to include prominent speakers, movies, student trips, a dance, and the annual Commerce Club banquet.

Condolence

In the name of the faculty and students of St. Joseph's STUFF extends sincere sympathy to the Rev. Edmund Guillozet on the death of his father.

Room Reservation For Next Semester

The following procedure will be observed in the assigning of rooms for the second semester:

1. **Those students who wish to reserve the rooms that they now occupy must report at my office Monday or Tuesday, January 19-20, at the regular office hours.**
2. **Those students who wish to change rooms at the semester must report on Wednesday or Thursday, January 21-22, at the regular office hours.**
3. **Students who are now living in the dormitory and who wish to obtain a room for the second semester must report at my office on Friday, January 23.**

The above plan will be followed strictly. If any student fails to present himself, on the day assigned, to reserve a room, it will be understood that he does not intend to return for the second semester, and his space will be assigned to someone else.

Rev. J. A. Sheeran
Dean of Students

NOTICE—

Any student who intends to discontinue his studies at the end of the present semester should report at the Office of the Registrar, that we may have an official statement to this effect.

It is particularly important that veterans report, that they may execute official Veterans Administration Interruption of Training forms. Failure to do this may jeopardize future use of benefits of the G. I. Bill.

(Rev.) C. G. Kern
Registrar

Greenburg Directs Curtain Club Cast; Vogl Gives Talk

During the last meeting of the Curtain Club, held Jan. 11 the members witnessed a one-act play, **Ingratitude**, by Frank Snow. The production was directed by Earl Greenburg, and his assistant, Robert Griglak. The cast was:

Alchemist---Leonard Wildenhaus
Ricardo----------Edward Joyce
Cardinal--------Charles Hanchak
Juan----------Thomas Conway
Jose----------Cyril Sutter
Servant--------Eugene Quarrick

The play was a translation from the Spanish.

Donald Vogl gave an informal discussion of parliamentary law preceding the private program. He pointed out some mistakes the club was making, and cited illustrations of the correct procedure.

The Rev. Lawrence Heiman, moderator of the club, announced that tryouts would take place soon for the annual public performance staged by the Curtain Club. He has some plays in mind, but at present is undecided which one will be chosen.

Dance Is Success

The Chicago Club of St. Joseph's held their first annual Christmas Holiday Dance, Sunday night, Dec. 28, in the Terrace Casino room of the Morrison Hotel. Music was furnished by Roy Milton and his orchestra. Dick Larkin, who sings over the WIND network from 10:00 to 10:30 A. M., made a guest appearance and sang two numbers, accompanied by Mr. Milton and company. A very successful turnout of approximately 200 couples attended the dance.

The officers of the club wish to thank the faculty, the dance committee, all club members, and the entire student body for helping to make the dance the huge success that it was.

Anthology Is Acclaimed; Translation Rights Asked

Requests for rights to translate "A Century of the Catholic Essay" a compilation by the Rev. Raphael Gross, assistant professor of English at St. Joseph's into the Italian and Spanish languages have come from publishers in Italy and Mexico recently. Also regarding possible translation rights, the countries of Holland, Argentina, and England have made inquiries.

This anthology has been acclaimed as representative of Catholic writing. Selling 9,000 copies in its first two months after publication, the 'Catholic Essay' is now in its third printing.

According to a recent review, we find in this book, such outstanding essayists as; "Alice Meynell whose thoughts demurely dance in orderly cadence and each is restrained within its quiet vesture of a few words. Agnes Repplier, sane and optimistic, catches with charming precision of insight each delicate mood of her Agrippina. Louise Imogen Guiney spins a dream of fine-laced fantasy. John Henry Newman lights up for us the depth and breadth of his mind by his arguments."

Father Gross came to St. Joseph's as a student in 1926. He received his M. A. from the University of Michigan in 1941. Between teaching English courses and working in the library, Father Gross is preparing another writing project.

Key to Russian Conversion

It is almost impossible to pick up a paper or magazine or turn on the radio without reading or hearing comment after comment concerning the strife existing between the United States and Russia. Secretary of State Marshall condemns Soviet tactics in trying to reach agreements. All of us are aware of the numerous instances that Russia has used her veto power to squelch incipient decisions which would help the world. We see this world splitting into two spheres, one of Communism and one of self-government. It is just a diplomatic battle now, but as the strain becomes more tense, it can very well become a militaristic battle.

Our statesmen are arguing, cajoling, and threatening. The Marshall Plan, aimed as a support to war-torn Europe, is being discussed violently pro and con because of the economic drain on our country and the Soviet's flat disapproval of the plan. The extremes in diplomacy, discussion, and help are being fostered to prevent a future war with a country having principles diametrically opposed to our own.

Amidst all of this turmoil, there seems such a simple way out. The idea has not been broadcasted widely or spread all over the papers, but it is tangible and more certain of success, if practiced, than any of the solutions our poor human minds can concoct.

At Fatima, in sunny Portugal, Our Blessed Mother promised to three children that if Russia be consecrated to her Immaculate Heart and Communion be received by the faithful on the first Saturday of each month, Russia would be converted. On October 31, 1942, the Sovereign Pontiff gave his approval by dedicating the whole world to her Immaculate Heart. It is merely for us to receive Communion on the designated day and offer it with the Mass for Russia's conversion. And how much more it would help if we were to recite the Rosary frequently, asking her for this miracle. This conversion of an atheistic group of people to a belief in God and His preachings of peace and good-will would do more to avert another tragic war than all the bills and plans that have ever been formulated or will be formulated.

Information Is Needed

A recent article in "The Sanguinist" carried information on the Legion of Decency rating classifications. This has been an important step toward acquainting the student body with the consequences of witnessing a condemned or objectionable movie.

Many comments have been heard concerning the fact that because of lack of information, it was impossible to know whether a film was acceptable or not. With this article, ignorance can no longer be pleaded.

In attempting to continue this trend STUFF plans to publish in the near future a comprehensive report on the "Index," the general classification of books condemned by the Church.

We feel that information on both these phases associated with our spiritual welfare has been meagre. It is our hope in a small way to correct this condition.

STUFF

Published bi-weekly during the school year except during the calendar holidays of Thanksgiving, Christmas, Easter, and mid-year examinations by students of St. Joseph's College. Entered as second-class matter Sept. 20, 1937, at the Post Office in Collegeville, Ind., under Act of March 3, 1879. Subscription $1.00.

Time of Dread

Final semester examinations are practically upon us. They will serve as the last, big test of how much knowledge we have accumulated during a span of five months. They will show if we have used our time beneficially or placed minor activities above the primary reason for our being here.

As the grades are returned, some will be pleased; others will gripe. In the latter category there will be at least two reasons for their attitude. Either they failed to study enough, or they didn't study properly. If this advice can help in the coming exams, so much the better, if not, these two evils can be easily overcome in time for the many other exams that will be faced before the degree is finally won.

The answer to not studying enough is evident. Place preparations for courses above everything. The different methods of studying have numerous proponents. Many educators favor the following, and to us it sounds very logical. It is this: think, discuss, but do not memorize. The ultimate purpose of a college education is to equip the student with faculties necessary to handle the problems of life, and not to heap facts upon one's memory that are forgotten almost as soon as they are learned.

Gag Busters . . .

We wonder why Dilly Distle is so elated over his trip to Joliet. It seems St. Francis is not only an educational center but has other attributes as well.

Rumors are flying in from Davenport that Dick Collins has become an active advocate of the R A P program, not only because of the worthiness of the project, but because of someone closely connected with its origin. Rumors place him ahead of Bill Lynch on this certain someone's hit parade.

This department understands that Bernie Reuille is still fighting the Battle of the Bulge. Some dear little one commented on his excess avoirdupois, and suggested exercises as a remedy.

Long skirts are heavenly bliss
For girls with legs
Like this ( ) and this)(.

Add to the "goin steady" club:

Kenny Greder, who engaged in a whirlwind courtship during the holidays and won his fair lady;

Don Ronan, who lost his heart in Terre Haute;

Joe McGrath, who says everything is peaches and cream;

Bud Greif, who doesn't say anything; and

Tom Hoffman, who says too m----.

Rumors heard about: Lorraine making Jack Fredlake take her to a snowless snow carnival.

Add to the "Dear John" club:

Kenny "Mumbles" Weibel, the terror of Seifert;

Dan "Fingers" Breen, the master of indecision;

Ed Connelly—reason unknown;

Ed Hanley—too close to Horky and

Ray O'Donnell—she lives too far.

Frank Staucet had a good time at the Chicago Holiday Dance; in fact, his friends say he had too good a time. About a highball past twelve he bit his hand, because it looked like a hamburger. He even complained that the bun was stale.

Our reporter from Evansville says that Don Dipple went date-crazy over the holidays. Is that right, Don?

Jim Buckley's knees are the topic of conversation. One recent dopester led us to believe that it was from proposing too often. Those front room rugs aren't as padded as they should be.

Question Finds Reactions To Examination Set-up

Now that the foreboding clouds of exams are overshadowing the campus, all thoughts are focused on one thing: books. Some find themselves wishing they had studied harder; others are hoping to do as well as they have done in past tests, so as to keep up that average. For some, however, the thought of exams brings up another question. We have worded this question simply, and have gotten several student reactions: "Objectively, which do you think is better—a single final exam at the semester to determine the grade, or should the grade be merely the average of a number of exams given throughout the grading period, with no final test?"

Charles Voors, Ft. Wayne junior, made the following statement: "Personally, I favor the periodic examinations during the semester, covering and completing the material as the class progresses. Since the exam is supposedly an instrument for measuring the student's learning, his achievements, and the quality of his scholarship, frequent tests and their results would guide the student in his studying, and at the same time give the instructor better opportunities to assist him with his difficulties. I think this would eliminate a certain amount of cramming which I understand is done in some schools. A mere personal opinion, of course!"

Freshman Bill Hoffman, from Jasper, Ind., thinks that all professors should take the average during the semester, rather than base the final grade on a single exam. He believes there should be a test every week in each subject. This would enable the student to tell in what branches he is deficient.

"I favor the multiple test practise," said John Rice, Auburn, Ind., soph. "That method is a truer indicator of the student's progress. Instead of cramming for one final examination, the student would be obliged to apply himself throughout the semester. With the present method, many factors, such as illness, mental stress, etc. often hinder the student during test week, and too often the grades do not show the true progress made."

Another freshman, Dan Myers, from Indianapolis, had a similar idea, but gives us a slightly different slant. He made the flat statement that more tests should be given during each semester. He believes that the semester exams should be optional. Since they are not always necessary, the decision to have or to omit them should be left to the discretion of the teacher.

In closing this column we find a bit of humor in the statement of August Schultheis, Vincennes, Ind., soph. "I definitely think exams should be held often, to eliminate semester exams. In this way students must keep up with their class, or else. And besides, who can take a two-hour exam, when he feels like a frustrated, headless chicken?"

ANNOUNCEMENTS

Veterans Administration announced, Jan. 5, that prima facie evidence will not be accepted as sufficient proof for veterans to establish service-connection for medical and dental treatment after Dec. 31, 1947.

On this date, veterans will have had a full year after the President announced the end of hostilities in which to secure treatment on the presumption of service-connection, based on prima facie evidence.

VA takes the position that this should have been ample time for emergency or clearly defined service-connected cases to have received treatment.

The discontinuance of determination on prima facie evidence in no way denies veterans any rights they are granted by law, nor does it limit services given those whose conditions are rated as service-connected.

Congratulations

A son, Timothy James, was born Friday, Jan. 16, to Mr. and Mrs. James Bogan, in Jasper County Hospital, Rensselaer. Mr. Bogan has been assistant registrar, here, since July, 1946, following his return from three years service in the navy. He graduated from St. Joseph's with a B. S. degree in Chemistry in 1943.

About six hundred places will be reserved for American students at summer schools to be held by seven British universities during July and August 1948. Each course will last six weeks. The subjects will range from Shakespeare to Historical and Sociological Survey of Contemporary Britain and a post graduate school in medical and scientific studies.

The schools are intended primarily for graduates and teachers who have made some previous study in the subjects offered, but in some cases undergraduates in their junior or senior year, with special interests or academic training, will be able to attend. At some universities special assistance will be given to students preparing theses in their subjects.

Students who complete their courses to the satisfaction of their tutors will be given a certificate of attendance. Credits obtained can, by previous arrangements with the Registrars of their own universities, be transferred to students' home colleges.

The cost of the courses, including tuition and maintenance for six weeks will be from $240 to $264. Port to port transport for American students will be from $328 to $448 for the round trip.

All enquiries should be made to the Institute of International Education at 2 West 45th St., New York, N. Y. Applications must be received by March 15, 1948.

BULLETIN—

Mr. Daniel Connor, assistant professor of music and director of the College Glee Club, issues the following S.O.S.: The Glee Club, fresh from the success of its performance in the Christmas Musicale, is making plans for a musical program during the second semester. All these plans, however, which include several popular operettas, call for more voices than the director now has at his command. It is requested, therefore, that those students who have a sincere interest in music seriously consider joining those already active in the club in attempting to mould a worthwhile contribution to campus entertainment.

All those interested should call at the music department for tryouts any afternoon between 4:00 and 5:00 o'clock during the school week beginning Feb. 2, and ending Feb. 6.

Paul Riche Marries

The Christmas Holiday joys were multiplied for Paul Riche. On Dec. 27, he and Wilma Koval were married in St. Augustine's Church, Jeffersonville, Ind.

After a short honeymoon, Paul returned to the campus to continue his studies. He is a freshman with social sciences as his major field. Mrs. Riche, originally from West Virginia, is in nurses training at Louisville, Ky.

Charley Riche, brother of the groom, a sophomore at St. Joseph's, served as best man.

Overtime Tilt Goes to Evansville; Score Knotted 52-52 at Game's End

The Purple Aces of Evansville College snapped a five-game losing streak on Jan. 15 when they handed Coach Art Cosgrove's Pumas a 62-59 overtime reversal in the Evansville Armory. Puma forward, Paul Bauman, forced the game into overtime when he knotted the score at 52 apiece with a shot from mid-court with 15 seconds remaining to be played in the regulation game.

In the five-minute overtime session, J. H. Barnett's two free throws gave Evansville the lead before Ray Patterson tied the game for the last time at 54-54 with a long one-hander. Bob Barnett, who led both quintets in scoring with 17 points, shoved the Aces into the lead to stay with a driving lay-up shot.

The game was a wild and woolly affair with the score being deadlocked 10 times and the lead changing hands an equal number of times. The longest lead enjoyed by either team was a 19-11 margin established by the Aces in the game. Evansville was in front at halftime 24-23. Fifty-four fouls were called during the game, 28 being incurred by the St. Joe five. Coach Cosgrove lost three of his starters, Dick Collins, Ray Patterson, and Frank Stone, and substitute Tom Hoffman on personal fouls.

Patterson continued his high-scoring ways by flipping in seven field goals and adding a charity toss to total 15 points. Collins got 14, and Stone, performing before a home-town crowd, netted 11.

Dogs Claw Pumas; Doyle Leads Attack

The Butler Bulldogs, co-defending champions with the University of Cincinnati Bearcats, of the Mid-American Conference, downed a stubborn but cold Puma five by a score of 67-49 at the Capitol City, Saturday evening, Dec. 13, before a crowd of approximately 6,000 spectators in the huge Fairview fieldhouse.

The Bulldogs, led by fast and shifty Jim Doyle, raced to a 24-15 lead at the end of the first quarter, after Cosgrove's charges had kept up with them until the last minute. Led by substitute forward Dean Evans who dunked five points during the second canto, the Bulldogs outscored the Pumas by a single point to build up a 10-point halftime lead of 34-24. The Pumas, paced by Jansen and Barton with four points each, outscored the Bulldogs during the third session, 15-14, to narrow the gap to nine points difference at 48-39 as the last period started. However, Sheperd and Doyle, with six and five points respectively, personally staved off the Pumas, as Butler outscored the Cosgrovemen, 19-9, during the fourth quarter to gain a 67-49 win.

Jim Doyle, of Butler, was high for both teams with eight field goals and two free tosses for 18 points, while Krodel and Barton contributed 13 points each to the Puma cause. Butler's Charlie Maas had 13 and Puma's Joe Jansen 10 for runners-up honors.

Southpaw Hurler Joins Pro Ranks

The second member of the trio of St. Joe students who are attempting to make their way in professional baseball is Charlie Hodges, southpaw hurler, from Petersburg, Ind. Charlie, brother of Gil Hodges, catcher for the

National League champion Brooklyn Dodgers, hopes someday to join his younger brother in giving the major leagues another brother act.

After starring as an all-around athlete for Petersburg High School, Hodges began his days at Collegeville in September, 1941. He was on the freshman basketball team and pitched on the 1942 Puma baseball team which won the Indiana Conference title. He won two and lost none during that season.

In March, 1943 Charlie was called into service. He served in the European Theatre of Operations and was discharged in March, 1945.

Returning to St. Joe in September, 1946, Hodges played a guard position on Art Cosgrove's 1946-47 basketball squad which won eight of 19 contests. He was the lone member of the team who had worn a Puma uniform prior to the 1946-47 campaign. The spring of 1947 found Charlie at his true love as the top hurler on the St. Joe baseball nine. He enjoyed a very successful season, winning four and dropping two decisions. He gained verdicts over Evansville, Valparaiso, Great Lakes, and the Chicago Teachers. He gave but three hits in a 1-0 loss to Indiana State, and lost a contest to Indiana University. It was due in large part to the efforts of this left hander that the Pumas had a highly profitable season, closing with seven wins in 10 starts.

It was last summer that the elder of the St. Joe Hodges brothers decided to turn his efforts toward professional circles. Hodges joined the Auburn, N. Y. club at the close of the school year, but was optioned to Mahanoy City, in the North Atlantic League, where he won three and lost six. Charlie was hampered by lack of control all season long, and was never able to exhibit his true effectiveness.

Lettermen Initiate; Twenty-four Men Recite Club Pledge

Twenty-four new members were initiated into the Monogram Club at a meeting held Jan. 12 in the Drexel Hall Recreation Room. These were athletes who had been awarded varsity football and baseball letters during 1947.

Jim Buckley, senior president of the club, opened the meeting by outlining the purposes of the organization, its future plans, and its place on the campus of St. Joseph's.

Dick Scharf, head football coach and moderator of the club, called for both a scholastic and athletic comradeship among the members. Brief addresses were also given by the Rev. Edward Roof, chairman of the athletic board, the Rev. Boniface Dreiling, a member of the board, and the Rev. Norman Heckman, the only charter member of the organization on the campus. Father Heckman led the members in the recitation of the club pledge. Refreshments were served, following the formal initiation.

Those who were received into the club are Dick Milkint, Tony Phillips, Al Miesch, Ray O'Donnell, Joe Broderick, Al Cantieri, Glen Burton, John Frawley, Lou Milani, Joe Albers, Jim Quinlan, John Bushell, Cliff Beaver, Tom Tysall, John Fedorik, Orval Hudson, Fritz Fehrenbacher, George Bauer, Cy Bohney, Clarence Kuhn, Jerry Leahy, Alex Melyon, Tom Distel, and Charles Teaney.

Two Teams Unbeaten In Xavier Loop Play

Two teams remain unbeaten in Xavier intramural basketball competition. Mark Feck's squad leads the senior league with six victories against no losses, and Joe Martin's quintet sports an identical record to lead the junior circuit. Sebastiani, a forward on Feck's unit, and Bernie Higgins are leading the scoring race, each with 74 points. Feck follows closely with 70 tallies.

Senior Standings	W	L
Feck	6	0
Sutter	3	3
Higgins	2	4
Barga	1	5
Junior Standings	**W**	**L**
Martin	6	0
Perrini	5	1
Pluth	3	3
De Brosse	3	3
Griglak	2	4
Herber	2	4
Wohlwend	0	6

Marty Scores 23; St. Joe Loses 47-45

Although All-American Mickey Marty counted 23 points, it remained for substitute forward Bill O'Halloran to decide things as Loras College edged St. Joseph's Pumas on Dec. 16, 47-45. O'Halloran's field goal in the last few seconds of play broke a 45-45 deadlock and enabled Vince Dowd's quintet to score the victory.

St. Joe fought the powerful Duhawks to a standstill, leading them most of the way. The Pumas, however, discovered that Merlin Marty hadn't degenerated a bit since last season when he scored 30 points against them. The high-scoring Marty personally kept his team in the contest by hitting for 10 field goals and three free throws. Bill Krodel and Ray Patterson paced the Puma attack with 16 and 15 points respectively.

Pumas Nip Bees 70 to 62

The Pumas, in a speedy, high scoring contest, nipped the Bees of St. Ambrose by a score of 70-62 last Saturday at Davenport. This victory raised the Puma's record to four wins against six losses.

Hitting on a large percentage of their first half shots enabled the Pumas to hold a 37-27 halftime lead. The Bees, however, came back strong in the second stanza and by driving basketball managed to knot the score with five minutes remaining.

At this point Ray Patterson, high scoring Puma guard, fouled out but six quick points by his replacement, Tom Hoffman, and six more by Bauman cinched the game for St. Joe.

Donnelly, St. Ambrose center, was high man for the evening with 19. Ray Patterson notched 18 points to pace the Pumas.

Ravens Beat Pumas At Anderson Lair

With their two brilliant negro stars leading the way, Anderson College won an 80-71 decision over St. Joe on Dec. 20. "Jumping Johnny" Wilson, who gave Anderson High School the state title in 1946 and who broke the Indiana Collegiate scoring record last season, combined with teammate Johnny Milton of Fort Wayne Central fame to pour 50 points through the hoop and turn the tide in favor of the Ravens. Wilson tallied 33 points, 26 of these coming in the first half as the Ravens compiled a 50-40 intermission lead. Milton connected for 17, most of which he scored in the waning minutes of the contest.

The Pumas built up a 21-10 lead early in the fray, but the Anderson quintet with Wilson hitting his stride, tied the score at 21 apiece and were never again headed. St. Joe managed to stay within hailing distance of the Ravens throughout the game, but the loss of Collins and Jansen in the second half via five personal fouls hampered them considerably. The Pumas outscored Anderson from the field 33-31, but were outscored from the free throw lane 18-7.

Wilson amassed his total on 11 field goals and an equal number of charity tosses. Bill Krodel, Puma center, scored 15. Joe Jansen and Chuck Barton each scored 12 for the Collegeville team.

French Club

A short history on the life and habits of Charlemagne given by Bob Simonis, Ft. Wayne sophomore, was the principle item on the agenda of the LeCercle Francais meeting held Jan. 7.

Motions that received approval were that copies of La Patrie be kept in the library until a more suitable place is found; that the club buy a copy of a book, **The French Club in High School**; to extend an invitation to all French students for a showing of French films arriving the latter part of this month.

Albertus Magnus

"Synthetic Rubber" was the topic of a talk given before the Albertus Magnus Society by Thomas VonderHaar, Jan. 14.

Herman Reas reported on the progress made in the study of Atomic Energy Control for the N. F. C. C. S. Science Commission. The annual Science Day is tentatively scheduled for the latter part of April.

A movie—"Naturally it's F. M."—was shown, following the business meeting.

Student Council

The last meeting of the Student Council was held Jan. 7. Joe McGrath reported on arrangements for the Freshman Dance. Jim Buckley read a letter concerning the charter of the N. F. C. C. S.
